

Acrylic Painting & Mixed Media — Class Materials List

For the first day, bring:

Acrylic painting brushes

- Long-handled
- In a range of sizes, small-ish (not too small) to medium to larger — two or three is fine to start
- If you're buying new ones, get Filberts (the bristles have an oval shape)

Water container (preferably plastic — large yogurt or cottage cheese containers work well)

Paper towels

Low-tack masking tape (blue or green painter's tape from hardware stores or white artist's tape)

Palette (white paper plates — the kind with a waxy finish, or a disposable paper palette pad)

Paint

- Titanium white acrylic paint
- If you already have other acrylic paints, bring whatever you have.
- If you don't have other colors yet, wait until we talk on the first day about colors before choosing your paints. I have paints you can use in class on the first day.

Something to paint on — acrylic painting paper or canvas paper (preferable), or watercolor paper (if you already have it and want to use it) - 9" x 12" or 11" x 14" are good sizes for starting out.

"The Masters" Brush Cleaner — a small tub will last you a long time.

Wear clothes you can paint in!

For the rest of the session, add:

Acrylic paints (whatever colors you already have, and whatever colors you decide to use after the first day)

The painting surfaces of your choice (acrylic paper, canvas paper, canvas boards, panels, gessoed masonite, or canvases as your painting surfaces)
